As most of you are aware I have managed to make contact with the Mig 23 pilot Maj Rivas!

Both of us are equally excited to set up a 'Reconciliation' meeting and he has accepted - in principle - an invitation to come to South Africa.

Naturally funds are an issue for all of us so I have taken the liberty to set up a fund-raising campaign to see if we can raise the monies to get him out here!

If you feel you can contribute then please follow this link <http://igg.me/at/project-dreamwings/x/3540964> and donate otherwise just spread the word around for please!!!

Alternately you can deposit/transfer the funds into the [Power of 10](#) banking account with the reference RIVAS!
